

Find Your Next Big Success at Graceland University

The next chapter of your career starts at Graceland University, where your success is our priority. We provide the convenient and relevant online graduate degree programs and essential support systems that will help you accomplish all your professional goals and more. Earning your graduate degree is the first step toward achieving even greater success in your career and life, and we look forward to being your guide.

1. Explore a wide range of options.

Whether you're looking to advance your career, change professions or become a leader in your field, you'll find a graduate degree that aligns with your goals at Graceland. Our in-demand graduate program offerings in nursing, data science, seminary and more will prepare you to enter some of the most in-demand careers today.

2. Discover flexible programs to fit your life.

We provide working adults with a variety of opportunities to complete their education conveniently and quickly. You'll enjoy the flexibility to complete your graduate education online, meaning you can study on your own time and from the comfort of your home.

3. Become a part of our learning community.

Graceland strives to create diverse learning communities where students, faculty and staff empower each other to become bolder leaders and innovators. You'll learn from our expert faculty, who provide opportunities to work collaboratively with them on research and studies, and ensure that you have the practical skills and experiences you need to be successful.

4. Leave your impact on the world.

As members of a fast-paced, ever-changing society, Graceland graduate students must be prepared to be changemakers. Here, you'll join passionate, open-minded and dedicated peers and professors who have come together to change the world in as many ways as there are members of our community.

Take your potential to the next level by applying to a graduate degree at Graceland University. **Submit your application today** with no application fee and no test-score requirements. We'll also provide you with a priority admissions decision so you can get started planning for your future right away.
